"It was so nice to meet you all and have you perform the national anthem at the Giants game. Livewire did a wonderful job, thanks again!"

Ali Noyer, San Francisco Giants

"Thank-you for helping us throw a fabulous party for TIME and our clients. Livewire had EVERYONE packed on the dance floor, and you made it one of the best parties we've ever had!"

Christine Slusarek, TIME MAGAZINE

"We hired Livewire for our party in June. Do they know how to make the place rock or what?! Livewire was fantastic, without question the best dance band around!"

Jessica Aguirre, NBC Television News Anchor

"Hands down, Livewire is the best cover-band in the San Francisco Bay Area. I was looking to hire a live band for my 30th birthday bash last year and a friend recommended Livewire. After listening to a few clips on their website and browsing the photographs, I knew they'd make a great addition to my disco-themed birthday bash. With nearly 350 people in full costume, Livewire had the room rockin' all night long! Their playlists and enthusiasm had the crowd on their feet for the entire party. Moreover, Livewire is one of the most reliable bands out there. They show up on time, and their sound company sets up the equipment well before guests arrive. The lead female singers always keep the crowd engaged with their cute outfits and smooth moves. Livewire continues to make such a great impression on me, hence I've hired them to perform at several charity events in San Francisco over the past year. As long as I'm still shakin' it, Livewire will always be a top consideration for my next party!"

Karen Simon, Perfect World Events, San Francisco

"Just want to let you know that Livewire did an amazing job at the NYE party on Treasure Island! Janelle & Jean-Marc, as well as all of their guests, were thrilled with your performance! The band members were very personable and such a pleasure to work with!

Looking forward to working together again, soon! Best regards,"

"My husband and I hired Livewire to play at our wedding. Actually, my husband hired them as a surprise for me...and it was one of the best surprises he's ever given me! Livewire was fantastic! They truly made the wedding a super fun, festive and memorable event. ALL our guests (and I mean all -- from the youngest to the oldest) danced the night away to their great music. My husband and I received tons of comments from our guests on how amazing the band was and how well they played. They were really one of the best parts of our wedding and we would highly recommend them to anyone!"

"When I got engaged, I knew that I had wanted to have a live band as opposed to a DJ at our wedding. I started asking around to see if anyone had been to a wedding with a good band, and a coworker who had recently gotten married raved about Livewire. She said it was the highlight of the reception, and everyone danced all night. I checked on-line and saw that they were playing the Art & Wine Festival in Palo Alto, so I sent some friends to check it out (as I was out of town), and everyone gave me a unanimous "you have to get them", and we are so happy we did! They had a great suggestion for our father daughter dance, and as soon as that was over, they started playing and the dance floor was packed all night. So many of the songs had everyone belting out the lyrics with the band! Even though my grandparents could not get up to dance, they were moving to the music at the table. They really made it feel like a party, and my husband and I (and all of our friends) stayed until the last song was over!

We were lucky enough to have the kind of wedding that we wanted, everyone who came had a fantastic time from start to finish, and Livewire was a huge part of making the reception so successful (ask any of our friends)! I would absolutely recommend them to anyone who wants to have a lively party that will bring both "20 somethings" and grandparents out to dance."

Amanda Frank, Atherton, CA

"From the moment my wife and I saw Livewire playing in Palo Alto, we knew they would be the perfect wedding band. They did not disappoint--we have never seen so many people dancing at a wedding. Livewire's music is well chosen; all of the songs are crowd pleasers and the band knows how to play to a crowd. Our wedding guests could not stop talking about the band, which they described as the best wedding band they had ever seen. We would recommend Livewire for any occasion that requires great music to get people dancing and having fun."

Mike and Ashley Dumbra

"Simply put, Livewire was the best possible band we could have chosen. They rocked our wedding in a way I thought was not possible. My wife and I were initially hesitant to hire a band because of its price vs. that of a DJ. However, we believe they could have charged twice as much and our value would have been the same. More people than we could count came up to us after the reception and said that the band was the best live band they had ever heard. I am in total agreement with their assessments, as Livewire's performance surpassed both my wife and my expectations. I can't recommend them highly enough. They are great people and they rocked incredibly hard."

Michael Jennaro

"Everyone really enjoyed the band – I heard the guests talking about it all night! I hope to get the opportunity to work with you again in the future. I will definitely recommend you to brides looking for a great band! All the best, Katherine"

Katherine W. Pollock, Senior Catering Manager, Villagio Inn & Spa

"After evaluating several bands to play at our wedding reception, Livewire was the clear choice and by far the best band based on their playlist, sound, energy and professionalism. The band had everyone at our reception dancing and we've received many compliments from our guests about how amazing the band was. Livewire played a huge role in making our reception a great success!"

Nate Feduska

"We had a fabulous time at our wedding reception especially thanks to Livewire. You guys were awesome!!! I cannot stress this enough! I was so stressed and tense until you guys started up. Everyone had a great time and tons of people came up to me and told me how much they enjoyed the band. Kudos! I will definitely recommend you to all personal and professional contacts from here on out. I work at the Asian Art Museum in SF, so I'll pass along your info to our event coordinator :)"

Thanks again Thomas for everything. We'll never forget the incredible entertainment and professionalism you and Livewire provided - definitely the highlight of our wedding day!

Cheers, and best wishes,
Alesha Martinez :)"

"I cannot say enough good things about Livewire. As a professional musician that performs on national tours, I've played shows with some great bands, as well as many not-so-good ones. Livewire faithfully recreates your favorite songs with tasteful arrangements featuring top-quality musicianship and spot-on harmonies... without any of the

"cheese factor" that is so common to cover bands. This band goes beyond just playing the songs, and puts on a very memorable entertaining and high-energy show fronted by two beautiful and talented female vocalists. The sound and lighting equipment they brought was top-notch and really complemented the band's performance. All of the band members were extremely professional and super nice - an absolute pleasure to work with. I highly recommend Livewire and will certainly use them for my next event."

Nick Feduska, Wedding Reception at the Metropolitan Club in San Francisco

"All I can say is WOW! You guys were so amazing at our wedding...our guests can't stop talking about you! Everyone was completely blown away and had the best time, thanks to you guys. You really helped us carry through the theme of the wedding and we couldn't be happier with how it all turned out! Thanks again, and hope to see you again soon!

Hollye's dad wants to hire you to play his next party on August 2nd.
We've got some other great pics of you guys that I'll email you :) "

Eric & Hollye Shunk, WEDDING RECEPTION, Incline Village, Nevada

"I would recommend Livewire 100%!!! They were incredible! People still tell me how great the band at my wedding was. Livewire created such a fun and energetic atmosphere--people couldn't stop dancing, despite the fact that it was 105 degrees outside! Even my Dad, a self-proclaimed "non-dancer" was out on the dance floor all night.

As far as working with the band, things couldn't have been more smooth. They were very easy to work with. Before the wedding Thomas asked me for any specific songs that I wanted (not on their play list), such as for the first dance and father-daughter dance. He brought these along on his iPod and played them at the appropriate time. It all went very smoothly and it was nice because I got the atmosphere of the band, but didn't have to sacrifice any of the songs that I wanted for those special moments.

I was very surprised by how their music appealed to all ages. When I say that everybody was dancing all night, I really do mean EVERYBODY. I loved their music, my parents loved it, and my grandparents loved it. They really did a fantastic job of playing for all ages.

So, I know this was very long-winded but the point is, they are an amazing band and I would not hesitate to book them if I had to do it all over again. I feel like choosing them was the best thing I did in planning my wedding (which was very lucky because I knew nothing about them when I was looking for a band)."
